

## Who is Comprehensive Anesthesia Services, P.C. (CAS)?

- A group of 32 anesthesiologists that has been serving the Tennessee Valley area since 1995. We have over 400 years of combined private practice experience.

## What is an Anesthesiologist?

- A highly skilled medical doctor (M.D. or D.O.) who specializes in the field of anesthesiology. An anesthesiologist is the director of the Anesthesia Care Team (ACT). The ACT is a group of healthcare providers including physicians (Anesthesiologists), Certified Registered Nurse Anesthetists (CRNAs), or Anesthesiology Assistants who work together to care for patients. As Anesthesiologists, we are primarily responsible for the safety and well-being of patients before, during, and after surgery.

## Where do we practice?

- Huntsville Hospital
- Huntsville Hospital for Women & Children
- Governor's Medical Tower
- Madison Hospital
- Madison Endoscopy Center
- Coming soon – Orthopedic & Spine Tower
